

# North Fish Hatchery Road Reconstruction

## PROJECT OVERVIEW

The City of Fitchburg is preparing to reconstruct north Fish Hatchery Road from McKee Road to the Beltline. Please see below for more information and ways you can become engaged with this important project. When complete, the project will improve safety, provide better connectivity with surrounding neighborhoods, and support economic development. Construction is anticipated to begin in late 2019.

## PROJECT SCOPE

- + Improve intersection safety and congestion issues.
- + Replace deteriorating pavement.
- + Repair underground infrastructure (water, sanitary, and storm).
- + Repair deteriorating retaining walls.
- + Provide safer access to existing and future properties.
- + Consider upgrades to pedestrian and bicycle infrastructure.
- + Consider upgrades to streetscaping (plantings, decorative elements).

## PUBLIC ENGAGEMENT

### Public Meeting #1 - Held on August 22

Kickoff meeting to share project goals and timeline, and discuss community questions and priorities prior to detailed roadway design.

### Public Meeting #2 - Thursday, November 8, 5:30-7:30 p.m Leopold Elementary School Library

Presentation and discussion of preliminary corridor design plans. For more information and to RSVP: <https://fhr2.eventbrite.com>

### Public Meeting #3 - Spring 2019 (additional details to come)

Presentation of final project plans, with information about the construction schedule, anticipated impacts, and alternate routes.

*Adjacent businesses and property owners will be contacted about additional meetings regarding site-specific access and design.*
